## Double Order in Italy

In the vicinity of Rome, a completely new amusement park is currently under construction, the Rainbow Park with an investment volume of nearly 200 million Euro. The Munich roller coaster manufacturer will demonstrate its capabilities with two roller coasters: Outdoors with a big X-Car launch coaster and indoors with an imaginative spinning coaster. The two Maurer coasters are part of stage 2; scheduled to be open to the public in 2011.

## SkyLoop for China

First order for Maurer Rides in China. The SkyLoop will be a main attraction at the new World Joyland park in Changzhou, a city located between Shanghai and Nanjing. The amusement park is brand new and is set to open in late 2010 with the SkyLoop. But the decisive criterion for park investors is really the straightforward investment costs. SkyLoop offers a high level of attractiveness, both optically and in terms of ride experience, with minimal space requirements and investment. SkyLoop is also upgradeable.

## IAAPA Attractions Expo

Where is it lighter at night than during the day? In Las Vegas !! Maurer Söhne will be there at this year's IAAPA Attractions Expo from Nov. 17th-20th presenting several new innovations. A new roller coaster train with one-of-a-kind ride pleasure and very high capacities. Extreme layout ideas such as the Loop Launch or the Spinning Coaster with Non Inverted Loop will „wow“ you. Drop by and be inspired !

Las Vegas, Convention Center - South Halls, Booth: 3107

## Newly developed X-Train

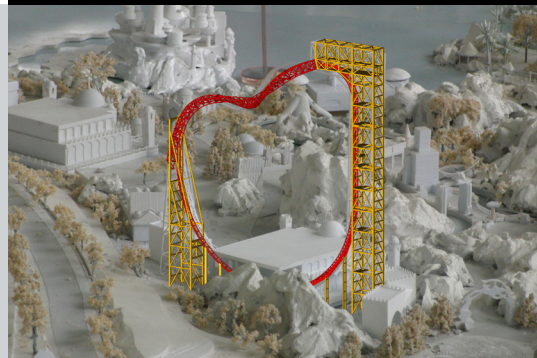

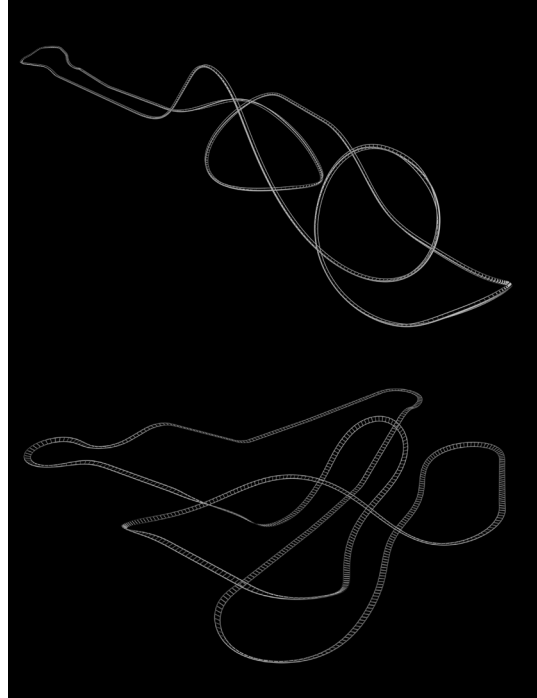

The X-Train, a totally self-contained, innovative and unique product partnered with the X-Car. Characteristic for the X-Train is the one-of-a-kind combination of normal seat configuration in the middle with a floor and floorless under the outer seats. When it comes to capacity, the X-Train steps in at the very top: up to 36 seats with 4 X-Seats per row. That's how far a fascinating machine with a powerful impression has evolved.
